Newspaper Jubilee.

Very few papers, religious or secular, now published, have been in existence more than a quarter of a century; but the New York Observer announces that it will enter upon its fiftieth year in the beginning of 1872. It was established as a religious paper; giving, also, the most important secular news; and it has been one of the ablest, and at the same time, one of the most successful journals in the country.

The Publishers announce for the coming year, as a free gift to each of their subscribers, a New Year-Book, containing a vast amount of information in regard to Church and State, and all important business affairs, a real encyclopedia, such as any intelligent person wishes to have always at hand. Specimen copies of the paper and Prospectus of the Year-Book, sent free to all who will apply. New Subscribers will receive the paper free until January 1st.

The visits of boys to this office has become such a nuisance that we are compelled to ask parents to instruct them to keep away.

Those young men who do visit the office are requested to keep their hands off the job press.

OXFORD LOCALS.

The decline in the cotton market, has caused trade to be a little dull since my last report. Though cotton is bringing 16 1/2¢ per lb. recently. The receipts have been comparatively light. In this connection we would say to our farmers hold on to your cotton, and do not force it on the market in the present depressed condition. There is nothing to produce this depression in the cotton market only the great amount that has been thrown on the Southern market. The receipts of the present year being much greater than it was last season at this time. We all know that the crop is much shorter than it was last year, and the great bulk of this staple has been thrown upon the market. Therefore, we say do not be too hasty in throwing the remaining portion of your cotton on the market. This depression will not last long in our judgment, and then you will be able to realize a better price for your cotton than at present.

PERSONAL.—The many friends of Maj. C. J. Cooper, will be glad to learn that he has so far recovered from his illness, as to be able to be out in town once more, after being confined in his room for several weeks. He is looking quite feeble yet.

We once boasted of the morality of our little village, and have thought it a very peculiar, quiet little place, and we still think so; but ever and anon, they get up a little "fracas" here, or a "what," as Mr. Burns says, and so it was the other day a 15th amendment (a 200 pounder) backed by a half gallon more or less of the "ardent," persisted in trespassing on the rights of one of our good citizens while attending to his business, until "forbearance ceased to be a virtue," when he was ordered out of his office, and refusing to obey orders, the citizen applied a hickory stick on the side of his head a few times, when he made his exit rather hastily and unceremoniously. Nobody hurt except the trespasser, and his head only skinned a little.

CROSS PLAINS LOCALS.
Our town is very healthy just now, not a case of sickness in the place, and the doctors perfectly idle.

Business for the week has been tolerably good, as evidence by the cheerful faces of our merchants, some cotton changing hands and being shipped.

At the lowest calculation there is at least one million election tickets scattered around town, with some fifteen or twenty candidates to hear from.

The beautiful spell of weather that we have been having for some time past, has been interrupted by clouds and rain, which has made the streets muddy and walking disagreeable. Signs, however, indicate more pleasant weather and pretty days.

Our Justice court was largely attended last Saturday, and a number of cases disposed of. Quite a sprinkling of candidates here to take advantage of the large concourse of people present to press their claims for office. Can a few more offices be made in order to accommodate the numerous aspirants? We have the clearest lot of fellows in the country, contesting for the various county offices, and the question is who shall we vote for? By the way we might supply some county whose candidates are not so clever as ours; let them send in their orders at once.

Cross Plains already boasts of four schools, all we presume, in a flourishing condition, and as we expect two more to start pretty soon, we may be said to rank high in an educational point of view. Indeed all may be suited from the infant A-B-C-dinarian to the candidate for honors in "Geography," and even to the earnest searcher after classical literature and the mysteries of the sciences. We have more competent teachers, more bright children and more patrons willing (?) to pay for tuition than almost any place of the same size in the world. Let the good work go on.

Capt. N. G. Scott, our wide awake Marshal and candidate for constable, is fast making reputation as a successful detective. His last *conspicuous* was the capture of a notorious character named Fletcher, who broke jail some where in Georgia two years ago. We understand there is a reward of \$1,000 offered for him by the Governor, and hope to see friend Scott return with a full pocket-book.

ALEXANDRIA LOCALS.

MARRIED.—On Sunday morning the 2nd of October, at the Mt. Zion Baptist Church near Alexandria, by the Rev. Samuel Henderson, Mr. Lawrence D. Miller, of Spotsylvania, S. C., and Miss Mattie A. Crook, daughter of the late Col. J. M. Crook.

Mr. Ed. J. Dean of S. C., has purchased Mrs. M. M. Whitley's handsome place, with the intention of living in Alexandria. We welcome him to our little town.

Capt. Woodruff has sold his valuable place to Mr. Cooper, of Rome Ga, for \$7,000.00. But will still remain in Alexandria.

Our valley will make two thirds crop of cotton, and a half crop of corn.

Messrs. Green & Ledbetter inform us that if receipts continue good, they will have 20,000 tickets by the 7th of November. After which time they will close out at cost.

Bagging and ties are so cheap in our town, it can be found in the streets at any time.

SUCCESSOR.
The Ten Island Baptist Association Minutes are now ready for delivery, at this office.

Mr. E. Goode has sent us some specimens of his work in photography, which we think reflects great credit on him as an artist and evinces a marked improvement over work done by him even a few months back. His work now will compare favorably with any done in the cities.

Notice.
All parties indebted to me will please come forward and pay up at once, as I have closed out my entire stock, and wish to close up my books.

SALT LAKE, Oct. 29.
The Mayor of the city and four others have been arrested by the United States Marshal. They are charged with the murder of the prisoners taken at Camp Douglas. Some wild words attended the proceedings but no resistance. Orson Hyde, one of the twelve apostles fled southward to avoid arrest. A dead body has been found near the city with four bullets in it. War-rants are out for the arrest of Brigham Young and his son Joseph on the charge of murdering Richard Yates. The indictments are founded upon the testimony of Bill Hickman, formerly a Danite or secret agent of the Mormons.

Hawkins, tried for adultery was fined \$500 and sentenced to three years of hard labor. Notice of appeal to the Supreme Court has been given.

NEW YORK, Oct. 29.
A special to the Herald from Salt Lake states an official rumor that Brigham Young is 129 miles south of Salt Lake and still flying. It is not known to what point he is bound. One conjecture is that he is leaving the country—another that he will find refuge in St. George, 50 miles from that place. It is certainly doubtful whether or not he will appear for trial or for anything else, until the trouble is over. Delegate Hooper has gone to Washington to see the President and endeavor to effect a compromise on some basis; meanwhile the whole church remains in a great ferment.

SALT LAKE CITY, Oct. 31.
Daniel H. Wells, mayor of Salt Lake City, charged with murder, was released on a bail of \$50,000. Several cases for divorce and alimony pending. In one case a ninth wife is plaintiff.

WASHINGTON, Oct. 31.
A correspondence between the Government and Government officers in Utah indicates a determination to crush out polygamy.

WASHINGTON, Oct. 31.
Owing to straw bidding for Southern mail contracts, and the fact that the Postmaster General is compelled to award contracts to the lowest bidder, it is probable that most of the contracts now in force will be continued until the next annual letting.

It is rumored here that the little villain, Phil Sheridan, will be assigned to the military command of the department of the South.

LEXINGTON, Oct. 30.
The Mayor and many officials of this city have been arrested on an indictment from the Federal court charged with felony, growing out of disturbances at the August elections.

San Francisco, Oct. 30.
The Coroner's Jury at Los Angeles returned a verdict of riot and murder against a number of persons of all nationalities for slaughtering the Chinese.

The Apaches are again raiding the white settlements in Arizona.

SALT LAKE, Oct. 30.

The prisoners are quartered comfortably.

Elder George O. Cannon arrived this morning from San Francisco, and preached this p. m., in the large Tabernacle, to an audience numbering at least 10,000. He counseled hearers to obtain from any act of violence and submit to the law; God would protect them from their persecutors. The crusade against them, he said would only strengthen and benefit them in the end. Their church could not be overturned; their faith was the inspiration of the Divine spirit and would endure forever.

Elder Pratt was not so conservative; he did not want any whining Judge to say to him as he did to Hawkins, "I am sorry for you." He wanted no sympathy from any Federal officers, he was ready to go to jail for twenty years but did not want any pity from such a source. He predicted that God would eventually overthrow and annihilate the present persecutors of the Mormon people. Nothing further has been heard from Orson Hyde, The Apostle.

Savannah, November 2.—Augusta John the man, who was assaulted in his store by an unknown negro, died this morning.

The De Moutaillon party, who were shot and wounded last week on the De Moutaillon plantation near this city, by a band of South Carolina negroes, are now in this city and will recover from wounds. There has been no arrests made of the negro assassins.

Negro highway men have been robbing countrymen on their way to Savannah, via the Louisville road.

UTAH.
Salt Lake, November 2.—Quite a number of Prophets have made an outbreak. Marshal Patrick is preparing an expedition to follow Brigham Young. It is reliably reported that Young is still moving South with his eleven wagons and a hundred mounted men.

Business is dull, money scarce and the weather delightful.

Malaria Diseases.

During these months, fever-and-ague that scourge of our rich bottom-lands, issues forth. The immediate cause of this malarial disease is the miasmatic exhalations that arise from decomposing vegetable substances. But there are also secondary and predisposing causes. The weather prevalent at this season, although not, indeed, so intensely cold as that of winter, is more chilling and more depressing. The effect of such weather is to reduce the measures of vital force, and thus to render the system more liable to malarial diseases.

Endemic diseases is just now, like a bold enemy, advancing swiftly upon our position, and like a skillful enemy, he will not fail to select the weak points, let us with equal skill fortify the weak points—fortify them by the use of a stimulating and invigorating tonic such as Dr. Fish's Bitters. The soundness of this theory is strikingly illustrated by the fact that it is by no means every inhabitant, even of the most insalubrious districts, who yields to the foe. It conquers some but not all. The reasons is simple. Some of our frames are fortified by nature's one great tonic, nourishing food, are strong enough to resist the surrounding poisonous influences, to which others, when an insufficient digesting faculty has in a great measure cut off from this source of strength, readily succumb.

Now Dr. Fish's Bitters strengthens digestion, and thus opens the only real panacea, FOOD, to so invigorate the system that it can repel the attack of malarial diseases. Moreover, taken as directed, this Medicine is an infallible cure for the fever-and-ague, and for all forms of Intermittent Fever.

Trust What Time Has Sanctioned.
TOWN'S MEDICINE has been the voice of the divinity, may in some case be open to doubt, but the testimony of honest and enlightened witnesses extending through a series of years, and all to the same purpose, is worthy of credence, admits of no question. Upon such testimony the reputation of TOWN'S MEDICINE Bitters as a medicine for the cure of malarial diseases is based. During the twenty years that it has been before the world, innumerable preparations intended to compete with it, having come up like mushrooms, and all have been found to be failures. Meanwhile the progress of this incomparable tonic has been swift and steady—always upward and onward. It has not only cured malarial diseases, but it has cured a host of other ailments, and it has proved to be one of those salutary remedies that cannot go backward. To day TOWN'S MEDICINE Bitters is the most popular remedy in Christendom, and commands a large sale than any other medicinal preparation, domestic or imported, in this country.

WOMAN'S RIGHTS.—One who has long studied this absorbing subject now presents to the woman of our country the result of his researches. He is happy to say that he has at last discovered "Woman's Best Friend." It is adapted, especially, to those cases where the woman is disordered, and will cure the most obstinate cases. Dr. J. C. Williams' Female Regulator acts like a charm in "whites," or in a sudden check of the "monthly courses" from cold, trouble of mind, or like causes, by restoring the discharge in every instance. It is also in chronic cases, its action is prompt and decisive, and saves the constitution from countless evils and premature death. This valuable preparation is for sale at \$1.50 per bottle by all respectable Druggists in the land. Prepared and sold by L. H. BRADFIELD, Druggist, Atlanta, Ga. A thousand women testify to its merits.

THE CAUSE AND CURE OF CONSUMPTION.

The primary cause of Consumption is a de-
velopment of the digestive organs. This
development produces deficient nutrition
and emaciation. By association I mean
that process by which the nutrition of the
body is converted into food. Food thus
becomes the cause of the disease. Persons with
digestion impaired, having the slightest
predisposition to malarial disease, or if
they take cold, will be very liable to have
Consumption of the Lungs. In some of its
forms, and those that will be impossible

first reliable cure of Consumption is
BONNELL'S MEDICINE. It is a healthy
stimulant. The very first thing to be
done is to change the stomach and bowels
from all diseased and staid, which is
easily done, and so that they cannot
perform their functions. And then raise up
and restore the liver to a healthy action.

THAT BOY! THAT BOY!
[From Pomeroy's Democrat.]
Nine days has New York sat on
end, with its gaze, through opera
glasses, telescopes and spy-glasses
directed seaward looking for that
boy!
For nine days fashionable female
fools have, with heads, and frizzes
and waterfalls, and chignons, and
false curls, and rats and burnt
horse-hair, and wads of one stuff
and another on their craniums pro-
truding from windows, sat looking
down Broadway, watching for that
boy!
For nine days fashionable mam-
mas, with painted, powdered, plum-
pud, puffed and padded daughters
wondered and talked and surmised
as to where, under the great hea-
vens, that boy can be!
For nine days fops and fools, and
fancy favorites of fashion with roses
in their button-hole, and sweet lit-
tle lemon-colored kids, and hair
parted in the middle, and winky-
twinkly little eye-glasses, and sim-
ple lisps of vanity, have been run-
ning between newspaper offices and
the residences of their dear little
charmers for any information con-
cerning that boy!
For nine days twenty thousand
odd volunteers, ordered out by some
snobbish, tondying ass (whose
name is Montgomery) have been
hauling between breakfast and
business, expecting to be called out,
with the loss of a day's time and
ten or twelve dollars incidentals,
to welcome with clear bugles, beat-
ing drums, dirty march and trea-
sonous tread that blessed boy!
But he cometh not. So is that
New York is in a fright, a fear
fidget, and a tumult, lest the grand
reception of that boy should end in
a fizzle.
Mammas with marketable and
marriageable daughters are cursing
the ship that brought him not here
quickly.
Shopkeepers who deal in delicate
laces and tinkery gowaws-
whose counters are laden with funny
frizzes and fashionable fixings, to
be worn by fops and snobs as they
stand on the streets to welcome
little Alexis, are in pecks of trou-
ble because that boy does not
come.
The Chicago fire; the devastation
in Michigan; the suffering in Wis-
consin; the stealings of millions by
Sweeney and his pals-all sink into
utter insignificance compared with
the non-arrival of that boy!
Blow, ye winds! Oh! blow breez-
ily. Come, good ship that bears
the son of the Russian Bear: come
quickly; come with your barnacle
boats to kiss our shores. That the
Russian cub may alight. Come,
that the snobs, and the fools, and
the fashionables of this country
may kiss the hand, the thumb, the
little finger the foot or the little toe
of that royal American as affects to
despise, but at all times are ready
to worship.
Come good ship; come soon, else
the Russian gloves, Russian furs,
Russian silks, Russian neckties,
Russian drawers, Russian vests,
Russian tooth-picks, Russian stock-
ings, Russian shirts, Russian chem-
ises, and all the Russian things
shop-keepers have been so rushing
on the market will go out of fash-
ion.
